Serving Lackawanna & Susquehanna Counties

Since 1912 the Lackawanna Blind Association has been serving blind and visually impaired individuals in Lackawanna and Susquehanna Counties.

Our Mission is to support and promote the interests of the blind and visually impaired; and the prevention of avoidable blindness.

A Message from the Executive Director

Dear Friends,

I am delighted to share with you our annual report, highlighting the remarkable strides we have made together in empowering individuals who are blind or visually impaired.

This past year, our organization has achieved significant milestones. We have expanded our reach and deepened our impact through our local advocacy efforts, Client Support Services, Prevention of Blindness Program, and Radio Reading Service. These accomplishments are a testament to the dedication of our staff, Board and volunteers; the generosity of our donors; and the resilience of the individuals we serve.

Looking ahead, we remain committed to our mission and will continue to ensure that our services meet the ever evolving needs of those who rely on us. I extend my gratitude to each of you for your support. Your belief in our mission and enables us to create meaningful change in the lives of individuals who are blind or visually impaired.
